

# SPA ELEGANCE

ELEGANCE

Manufactured by:  
**N. Jonas & Co., Inc.**  
Bensalem, PA, 19020

## Alkalinity Up

To increase alkalinity of spa water.

## Clear Spa

Clarifying agent specifically prepared for spas and hot tubs.

## Foam Away

To reduce foaming in spas and hot tubs.

## Hardness Control

For increasing the calcium hardness of spa water.

## Ring-B-Gone

Helps prevent "bath-tub ring" on spa surfaces. Moisturizes skin. Adds a pleasant scent to spa water.

## pH Down

Lowers pH of spa water. Fragrance added.

## pH Up

Raises pH of spa water. Fragrance added.

## Sanitizer

Chlorine-free. Spa sanitizer and algistat.

## Shock

Eliminates organic contaminants in spas.

## Spa Bright

Stain and scale preventative specifically prepared for use in spas and hot tubs.
